## FORSTA FILTERS

Self Cleaning Water Filters

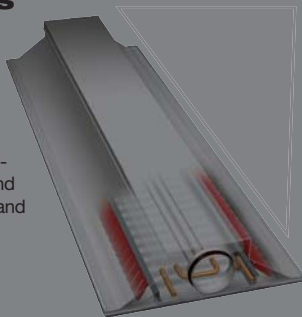

[www.forstafilters.com](http://www.forstafilters.com)  
[info@forstafilters.com](mailto:info@forstafilters.com)  
1-888-9-FORSTA

- Ideal for Equipment Protection
- Stainless Steel Construction
- Backwash will not Disrupt System Flow
- Filtration Grades from 5µ to 5,000µ
- Flow Rates from 15gpm to 8,000gpm

## SEMCO Chilled Beams

SEMCO's chilled beam cooling products are designed for use in nonresidential applications where there is a high cooling load and/or rooms that require individual temperature control. Chilled beams combine radiant cooling with conventional overhead ventilation to reduce energy usage, improve comfort levels, and reduce the architectural impact of ductwork and other mechanical systems.
